

Ammi Ministry Newsletter July 11, 2018

Dear Supporter and Friends of AMMI and the Elkins,

Thank you for helping us witness to Jews and Gentiles.

There have been some problems with the post office forwarding our mail to our Florida office from our Willow Grove P.O. Box. If you mailed the letter and it was returned to you, that was an error by the post office. The post office box is still functioning. But we would appreciate a call from you to let us know if this has happened. Your support is very important, and we would like to obtain straightened out any post office clerical mistake.

Ammi's Facebook page continues to provide opportunities to witness to unbelievers and skeptics. I have opportunities to witness to Jews, Muslims, weak and unsaved people who call themselves Christians, and secular unbelievers.

Update on Stem Cell Treatments

There are changes since the last time I wrote. The medical center in Medellin, Columbia asked us to change our travel plans to a later date. They needed more time to make a massive dose of stem cells for Donna's autoimmune treatment procedures. Our new departure date is [July 22](#) on a 3 ½ hour flight from Miami. Because of this additional production of stem cells, they had to increase our cost by \$4,000.

In addition, I asked for treatment of a bulging meniscus problem in my lower back discs. This involves the use of an operating room, several additional doctors, MRIs, and an anthropologist. This procedure will cost an additional \$3,800.

We increased our time in Columbia by 5 days. The doctor in charge wanted more time to infuse the stem cells into Donna's spinal area. This brings our new costs to \$19,000. We have received several generous donations. Our total raised at this point is \$5,750. Obviously we need additional funds. Please consider a donation to help us reach our potential goals

Please speak to your church's mercy or deacon committee about helping us. If you have Christian friends who might want to help us, please have them e-mail me at rone1701@icloud.com They can also donate on our website at www.ammiministry.org.

Please pray for:

- Safe travel
- Safe medical procedures
- The treatments will be effective
- Lasting improvement to help us increase our service to the Lord in evangelism

Blessings upon you and your family,

Ron & Donna Elkin
