Today, We can honor always celebrate political freedom, but also spiritual freedom!

Today, as we celebrate America's independence day from the oppression of England and King George, it's also a time to remember what a blessed freedom we have through our Messiah Jesus. His voluntary death to pay for our sins, brought us into the wonderful place of freedom from hell and eternal damnation. By his sacrifice, we become citizens of God's eternal Kingdom.

I've placed a link below of a video testimony that I made many years ago, on how I came to believe in Jesus. Perhaps you know some unsaved Jews and Gentiles who would be open enough to look at the video. If you do, Please send it to them. Also, Consider sharing it with your Facebook friends so that more people might be able to be encouraged as well as share with their unsaved friends.
