

AMMI MINISTRY JULY 2020

Enclosed is the latest newsletter from Sunny John in Kerala, India. A highlight is a Hindu woman who has believed in Jesus and Catholic man who is growing closer to salvation. Also, in Odisha State, a ministry supported by Sunny's church, saw two families come to the Lord and are waiting for baptism.

Evangelism

Finally, the lockdown has been eased enough for our Philly witnessing team to go to public areas and witness to people.

The Barrett's report

Sandi and I were able to do 5 surveys last night. All the people were friendly with genuine questions. Responses were mixed. Some people believed there is a God while others did not. We were able to give full Gospel presentations to each person and all but two took Gospel tracts.

We talked with a couple, David and Sandy, who had a Methodist background but said that they had never heard the gospel before and they seemed very open towards it. We started the evening with a fisherman and his young son who was eager to show us the 3 fish that he caught and was keeping in a bucket filled with water and we ended our evening with two young men, Daniel and Kevin, who had not picked up their Bibles in 2 years. Daniel was trying to read Leviticus and we suggested to read the gospel of John in the New Testament. Going to the park may be the only chance that many of these young people get to hear the gospel today. What a contrast to the Puritan age when the gospel was a regular part of everyday conversation and in our schools.

Please pray for Jake, David and Sandy, Daniel and Kevin, and 2 other gentleman, that we did not get their names.

Albert and Sandi

The Elkins

People continue to visit AMM's website (www.ammiministry.org) and review our variety of Gospel material. The same is true for our Facebook and YouTube webpages. I continue to mentor Sunny John. For example, I encouraged him to create a clear Gospel video that is now played at the end of each television program. I've encouraged Sunny to balance his teaching between Christian life and God's amazing grace.

Many of the people who object to our videos are Jews or atheist. This gives me opportunities to interact with them and give a witness for truth. I am grateful to our webmaster Ken Morgan. He is a blessing to us for his volunteerism. I am also grateful to our board members, Geoff Robinson, Mark Edgar, and Donna Elkin (my beautiful wife). They have helped our ministry in a multitude of ways.

Recently, while seeking technical support I was able to witness to a young woman in the Phillipines. She was very responsive and promised to read her the Gospel of John at Biblegateway.com where she can find the Bible in her own native language.

I have begun a relationship with a young man in Bangladesh. His name is R D. (for security reason in his Moslem majority country). He is a Christian and has good grasp of biblical theology. When he was twelve, a Christian came to his Hindu family and shared the Gospel. Through God's grace Rabin came to believe in Jesus. He is now in his early 20s. He ministers to young people. His country his is experiencing a lCovid-19 lockdown. He and his brothers have used their limited resources to get masks for the young people in his area. He has regular Bible studies with Hindus and Moslems. I am helping him with ministry ideas and ways to develop the young people who have made professions of faith. Pray for blessings on this young man's efforts.

We hope for your prayers and continued support.

Shalom,

Ron & Donna Elkin

TRINITY WORSHIP CENTRE, KERALA, INDIA.

MINISTRY REPORT (JUNE)

Greetings in the matchless name of our Lord and Savior Jesus Christ.

June 2020 is marked by an increase of Covid-19 cases in India. As a result, we are very much limited in our outreach evangelism, that is a main part of our ministry.

During this month we spent a good time in prayer and focused on our television ministry. We got more viewers since the people are in their home and received a large number of phone calls. We are following up on each call. We also using our social network platforms such as Facebook, YouTube and WhatsApp to reach more people with the Gospel. https://www.youtube.com/channel/UCLBRDz3ys7560eiX5GJ8nJQ?view_as=subscriber.

Trinity Worship Centre worship services are going live through Facebook and You Tube.

ODISHA MISSION: Our Odisha Mission is going smoothly even in covid-19 situation. During June, two families came to the Lord and five people are scheduled for their baptism. They are waiting for the removal of Covid-19 restrictions.

Kindly pray for the church in Odisha and we are planning and praying for its ministry expansion. If we can find more local missionaries like Pastor Jihudah it would be helpful for a great movement of gospel there.

TRINITY WORSHIP CENTRE, Manrcad, Kottayam: TWC Church at Manarcad, Kottayam is having its fellowship through online medias. The Covid-19 situation here has affected much of the church activities. But, our social media ministries are reaching more than six hundred people in their homes online.

A PRAISE REPORT: Through our television programs during the last week of June. a woman from a Hindu family came to the Lord and a committed Catholic man repented through our television program. When the woman heard our program, she said to her husband that, 'see, we are serving idols which are made out of wood, stone and metals, they can't hear our prayer'. But the husband told her that 'if you want to follow Jesus, I will let you, but I need a sign to follow Him'. I had a brief talk with her and introduced a local pastor to her. He will take care her. The Catholic gentle man stopped to going church and is waiting to make a decision. I am staying in touch with him.

Dear friends, dall who are praying, contributing and loving our ministry, thanking for your great support. We live to see a great expansion of the Kingdom of God here in India.

With Sincerely and Faith,

Pastor Sunny John
