MINISTRY REPORT (JULY,2020)

Greetings in the matchless name of our Lord and Savior Jesus Christ.

As like everywhere Covid -19 cases increased in our area, this situation is caused to affect our ministry, especially in field missions. During this month we spend a good time in prayer and focused on our television

'Jesus With You' as on TV

ministry. We got more viewers since the people are in their home and got number of phone calls. We are following up such calls. We also using our social network platforms such as Facebook, YouTube and WhatsApp to reach more audience for reaching with Gospel. I am happy to say that the main platform of our media ministry 'The Harvest TV is doing a wonderful job by telecasting our gospel program at least three time in a week. It helped us to keep high up number of viewers.
