

AMMI MINISTRY

October 2020

Included in this mailing is a report from Sunny John in Kerala, India, and an introduction to Rabin Das a new missionary serving with AMMI in Bangladesh.

Albert & Sandi Barrett,

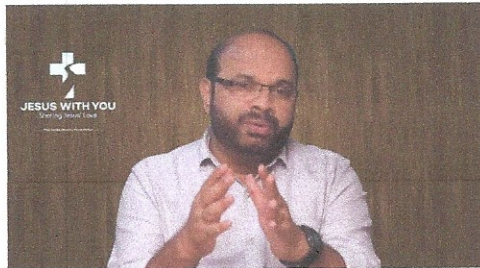

Associate missionary Albert, regularly goes out to different locations to pass out tracts and do surveys that's explain the gospel. As the weather is getting colder, this type of out reach is going to be more difficult. I am mentoring Albert in the use of the Internet as a means of evangelism. Please pray that he will move forward in this area and will be able to reach thousands of people on Facebook

with minimal costs. If you would like to contribute to this part of the outreach, please designate donations for the Philly team

As I mentioned above, I have included two reports. There are financial needs for these two men to move forward with their great evangelism efforts.

Pastor Sunny John

A supporter of Ammi has graciously provided enough funds to pay for the television program for a year. The videographer who records the television programs, is volunteering, but he has a family and needs financial help. \$50 a month would be a big blessing.

Of course there are other expenses involved with the church and The Johns.

Because of the Covid-19 lockdown, is severe in India, the small amount of tithes that the members were providing has now stopped. The rent for the church and the John's living quarters and electricity is \$130 a month. The church is now three months behind on their rent.

Life expenses the John family, which includes health insurance, medicine, food, Internet, transportation, and other necessities comes to another \$370 a month.

Also, Trinity Worship Center church is sponsoring two pastor who minister in the dangerous radical Hindu state of Odisha. Pastor Sunny is mentoring these two men, who are having good success in church planting and evangelism. And additional \$30 a month each is needed for each pastors. Many of the members of the small churches in

Odisha are hungry because of the lack of work because of Covid-19. Any donation towards food would be helpful.

Rabin Das

Rabin Lives with his parents. His father and older brother are field workers Their

income provides for Rabin's living expenses. He earns money tutoring children. He puts this money into the ministry. His primary need is for funds to provide Bibles, Bible story books, snacks, toys and personal items like toothbrushes and toothpaste, for the 300 children who attend his Bible studies in six villages. He could easily put \$600 a month to good use.

He has other one time needs, a color printer, camera, computer, caulk board, table and chairs, children sitting mat, and teaching material. If you would like to sponsor an item or two please get into touch with me

and I will let you know how much money is involved.

At this time, Rabin, his brother, and other evangelists travel between six different villages by bicycle. He needs a motor bike. The cost for a decent motor bike is between \$2,000-2,500 plus additional funds for gas, repairs, taxes and a license.

Dear brothers and sisters,

Introduction to missionary Rabin Das

As you know Ammi Ministry is dedicated to helping Jewish people become followers of Jesus. God has seen fit to expand our ministry to an area of the world that I've visited before I became a Christian. When I was searching for God, I became involved with a yoga and meditation group that was in reality Hinduism. I became involved with this group for several years, and eventually visited their leader in a poor section of India in the city of Patna, in the state of Bihar.

Eventually the mediation, vegetarianism, and yoga failed satisfying my desire to know the truth about God. When I returned to the United States I spiritually drifted for a while but eventually came under the conviction of the Holy Spirit that I needed to believe in Jesus to be cleansed of my sins. For several more years I resisted, But God in His mercy was thankfully stronger than my resistance, brought me to my knees and I placed my faith in the Almighty Jesus. But my experience in India gave me an interest and concern for people there who are lost, for the most part, in spiritual darkness.

In the past years God has brought under the umbrella of Ammi Ministry, Rev. Sunny John. I have written many reports about him as well as included his newsletters in my email updates. At one time India under the administration of England, was a mixture of Hindus, Muslims, Sikhs, buddhist, Christians, and other religions. When India became independent, there was a major split between The Hindus and Muslims. Muslims formed the country of Pakistan and in the east part of India, the state of Bengal also broke away, and became part of Pakistan under the name of East Pakistan. Eventually East Pakistan broke away from Pakistan and became Bangladesh. Bangladesh's majority religion is Islam, followed by a significant Hindu population, and a very small minority of Christians.

I've been contacted by many servants of God in various parts of the world who are looking for support. I've helped a few after I verified their authenticity, but I'm very cautious because I'm not in their location and there are scammers who pretend to be Christians. About a year ago I was contacted by Rabin Das and I felt the impression from the Holy Spirit that I should get to know him better, while trying to verify the reality of what he was telling me.

One of the things that I usually ask people is if they believe you can lose your salvation. Most of the people throughout the different countries that I have dealt with, are part of the Pentecostal movement, and they reply yes. I was truly blessed when Rabin emphatically proclaim no, we are saved by grace not by works. What a pleasant surprise. I explained to him that I needed to meet with his pastor to learn more about Rabin's work. He worked on arranging that, and in the meanwhile sent me many pictures showing him teaching large groups of childr

During our conversations we did some face-to-face connections through FB Messenger. Sometimes you have to go by your experiences and instinct which we pray are being led by the Holy Spirit. Rabin has a very sweet spirit and expresses a deep passion to help people become part of God's family through faith in Jesus.

Finally I met his pastor, Samuel and found the same sweet spirit. Samuel has known Rabin and his family for many years. He confirmed that Raven is a strong believer, educated in the word of God, and a fearless evangelist to children who for the most part are Hindus and Muslims

A sample of Rabin's communication;

"Grandpa my people here are very poor. Sometimes, some parents don't want me to have a Bible class. Sometimes I have to face dangerous situations. And some parents allow Their children to attend because I provide them some education materials and some food. Some parents don't know about my Bible class, because, some children don't talk about it."

Rabin's brother Pongkoz giving snacks to the children before a Bible class.

"I have another important matter. When I teach them about Jesus and tell Bible stories, the children are very attentive. Most of the children like the Bible stories. They like our Bible stories more than other religion's stories. Some Muslims and Hindu children have already accepted Jesus in their hearts. Some children make it their habit to come to every Bible class to learn about God. Others come for the snacks we give out. But, even then, they are hearing God's truth.

Grandpa I am blessed that I can teach them. Sometimes, I have problems and I need to stand face to face with danger. Pray for me so I can persevere in this ministry. It is my aim and dream to see more children believe in Jesus."

Donna also met Rabin through video conference and confirms that is a true child of God. Rabin lives with his Hindu family. Thankfully, his parents are not hostile towards his faith or ministry. He is blessed that his younger brother Pongko also is a Christian.

***Rabin prays with a Hindu girl to receive Jesus into her heart
Raven teaching a Bible class. Both adults and children attend. Because the community is poor & lacks media, Rabin's interesting teaching ability & gifts draws people.***

Rabin is a natural leader. He is training other Christians to teach Bible studies in six villages. His desire is to see many more villages involved and a larger group of individuals helping him.

As Muslim and Hindu children adults professed faith in Jesus, when possible he Helps them become involved with local churches. For those whose family would not allow that, he spends more time with

them discipling and instructing them in the word of God.

Please consider helping spread the gospel by sending your support for Rabin Das. We are blessed that there is a very inexpensive way to transfer funds to both Sunny John and Rabin Das. If you want to help with this cost, please include an additional five dollars for each donation for these international missionaries.

MINISTRY REPORT SEPTEMBER 2020

Greetings in the matchless name of our Lord and Savior Jesus Christ.

Because of the Covid-19. pandemic the situation here is difficult. We cannot go out on the streets, and do our usual street preaching and door-to-door evangelism. Also it's difficult for our church members. However, the church is able to meet virtually and the Lord is enabling us to reach thousands of people through our television program.

'Jesus With You' as on TV

'JESUS WITH YOU' Television Ministry. It was a wonderful month for our media ministry. As the pandemic situation continues many people are in their home and watching our

program regularly. We receive many calls for prayer. We are using that opportunity to share the Gospel with the callers. I mentioned about a Roman Catholic Charismatic leader in the August report, that person through his witness brought four more people to faith in Jesus. Their baptism will take place soon. We hope and pray that these people will be light bearers to other people who are in bondage. We are following up on them and connecting them with a church in Kozhikode.

TRINITY WORSHIP CENTRE, Manrcad, Kottayam: TWC is having our fellowship and worship through the Internet. Also the online services are now watched by more than six hundred people. We are also using Facebook, YouTube and WhatsApp to reach more people with Gospel. New people are continuing to join us weekly. The link below is a sample of our online services

ODISHA MISSION: The Covid 19 restrictions are still continuing in Odisha, but our Pastors Jihudah

and Hiranya are doing amazing ministry there. The pastors and I are having weekly fellowship which is helpful for mentoring and prayer. Despite the present

situation they are giving great leadership for home churches and guiding the people for outreach evangelism. Pastor Jihudah reported there were several baptisms during the month of October. Pastor Hiranya had the opportunity to witness to 800 Hindus at two weddings where he officiated. We are thankful to the Lord for fulfilling our vision to raise up local missionaries in the most difficult areas of India. We are praying for more local missionaries to enlarge the Kingdom of God.

Dear Christians, and all who are praying, contributing and loving our ministry, thank you for your support. With your help will see the great expansion of the Kingdom of God here in India.

With Sincerely & Faithfully,

Pastor Sunny John
